Let's Get Our Job Done NOW!

Sometimes one discovers (or rediscovers) an eternal truth from the strangest places! This happened to me recently! As I was researching one topic, I discovered I needed find a song recorded by a “alternative rock group! When I found the lyrics I was taken aback by the amount of words like these: pain, allowing pain to smother our good news. The more I read, the more I saw word! Of course, I know pain was given for riders. The thing surprising me most was the utter hopelessness found in the lives of so many!

Even though the negative feelings noted in these songs does not shock any of us, what is really laying heavily upon my heart today is our lack of sharing the gospel of peace with these hopeless people! We seemingly think the responsibility is being carried out by someone, therefore, leaving us to do nothing! My dear spiritual siblings, there is a real sense in which those of us who believe in God's Word as the eternal guide for man should be sharing the message of the gospel with as many as possible!

Hear me carefully, church, we should not be sharing this wonderful message to cause the church to grow, but rather to give a home to the homeless, help to the helpless, and hope to the hopeless! Jesus said he would his church and that our job is to share the “good news” (gospel) with anyone who will listen! Our job is to plant and water the seed (gospel so God can make it grow!

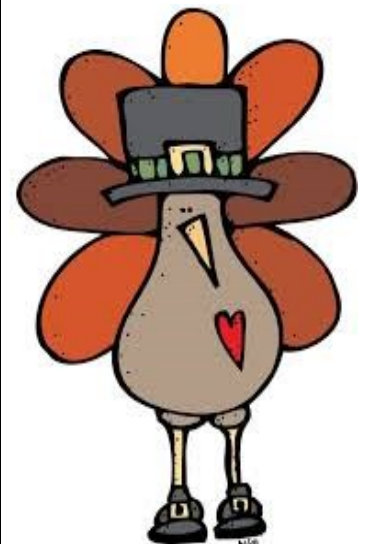

Love you all, Bill

So then you are no longer foreigners and strangers, but fellow citizens with the saints, and the members of God's household, build on the foundation of the apostles and prophets, with Christ Jesus himself as the cornerstone. In him the whole building, being put together, grows into a holy temple in the Lord. In him you are also being built together for God's dwelling in the Spirit. - Ephesians 2:19-22
