NEW Beginnings

New beginnings often give us a sense of hope and joy. Newly married couples radiate happiness on their wedding day. Choosing a new place to live beginning a new work is often an exciting adventure.

There's a certain energy that accompanies the start of a new school year. When I was in elementary school, new shoes, new jeans, crayons, pencils. When our children were young, we take them to pick out their new backpacks, school supplies, clothes, and shoes for school. We would spend days store hopping to buy what we needed. We would be armed and ready for whatever the new school year would bring. With college students, to school supplies have been added dorm
