Resurrection Day!

To many around the world, this is a special Sunday as it is recognized by many as the day that Jesus rose from the tomb having conquered death and being the savior and advocate to the Father so that we would be saved from our sins! It truly is a special day to gather together and worship our risen savior, and to enjoy a wonderful day of festivities with our families and friends.

While we gather together every first day of the week to worship and to remember the death, burial, and resurrection of Jesus, This particular Sunday helps us to remember how significant and powerful his sacrifice on our behalf really was and continues to be for us. Without Jesus, we would be hopelessly lost and held accountable for our sins which we deserve. Without Jesus, we wouldn't have an advocate on our behalf or a propitiation to stand between us and the wrath of God. Without Jesus, we would not have the ultimate example of agape love which is an all encompassing love that is the strongest form of love that exists. Without a doubt, Jesus lived in the purest definition of love.

It is because of the resurrection that we have hope where the world around us offers no long lasting hope that can stand up to the assurance that eternal life holds only through the resurrection of Jesus. We come into contact with that assurance when we obey the gospel by hearing the good news that Jesus has risen from the dead, believing that Jesus lived, died, and rose again. From there repenting of our old sinful life and confessing that Jesus Christ is the son of God. And upon that confession being emersed into baptism to receive remission of yours sins and receiving the gift of the holy spirit. And finally living faithfully unto death by spreading the gospel around that Jesus offers hope in a lost and dying world.

What a wonderful occasion to be gathered together for today! We truly are blessed beyond all measure by the gift of salvation. It is such a blessing that simply cannot be contained to one day or week out of the year. This is a gift that we absolutely have to share each and every day because the resurrection means that death has no more power over us if we obey the gospel and live every day for our savior! With that being said, Happy resurrection day! Let us all use this day to the glory of our risen savior today and every day to follow!
