

# April 2018 Sunday School Camp.

**GEOFFREY, MERU, KENYA**  
**17<sup>TH</sup> APRIL, 2018**

- Every year from 2015, various Church of Christ Congregations bring their Sunday School children for a four-day camp at the Meru School of Theology grounds.
- The children are taught the Bible by various Church members on volunteer basis.
- Allow me to share with you a few images from our camp held last week.
- I later print some of these photos and give them to the children when they return for the next camp. This makes most of them anticipate the next meeting!

...at the back is Jeremiah, two teachers, and I.

...some wanted a closer picture.

...a photo with most of the group.

...the lady on the right (behind the two kids),  
leads the cooking team.

...in a yellow shirt, Mawira is a great Sunday School teacher.

...bags packed, ready to go home.

- Unfortunately, my projector broke down and I was not able to show them any Christian movie unlike in the previous meetings.
- With plenty of apologies, I promised them that all will be well next time.
- Hopefully, with more work and prayers, these children will grow to become true servants of the Lord. Amen.

*THANKS AND*

*BE BLESSED.*
