

Braising For A Dry Spell.

Geoffrey, Meru, Kenya

For about three seasons in a row, Kenya has had little or no rain. Meru is 100% dependent on agriculture. Without rain, 99% of my village mates can't manage to eat, drink, educate, or even dress. Fortunately, the government has embarked on a program to provide relief food and sometimes subsidizing prices of basic items. Right now, Machegene is one very dusty and hot place!

...walking up and down the dusty road

...the main street in town

...adults and children hustling for the day under the hot sun

...selling of second hand clothes and plastic shoes still goes on

...others are selling rare potatoes and bulb onions, all placed on the floor

...and here's our hardware dealer shop
still doing business

...meanwhile,

...with all the hardship and severe dry weather, Geoffrey and his friend Baariu are still teaching the people about the love of Jesus. On this evening we showed them a Christian movie entitled “The Book of Esther”. Most movies I purchase are in English but I was lucky to find this one in a language most people can understand – Kiswahili.

...setting up the machines near the
Chief's camp

...sister Kathambi, Baariu, and I trying to be ready before it's dark

...finally, the screen is up

...some arrived on their bicycles,

...others on wheel chairs

...others just wanted a photo of themselves and that's it!

...so they tried to smile the best they could!

...others had a bad day with the bees
and smiling was not as easy!

...the rivers are drying and crossing them has become easy

...some people though have developed simple irrigation methods

...others hind by the river banks to
escape the scotching sun

...Prayers needed

Help us pray for some rain. The whether man says there will be no rain till October this year but most people hope he is lying! I have seen prayers do wonders before and I believe that our God is a caring God and he will hear the plea of His people. Please pray with us on this matter. May you be blessed as you enjoy your Easter Holidays!
