

2017 Children's Camp.

For the second year, we were able to hold our annual Sunday School camp at Meru School of Theology grounds.

The school provides us with the facilities we need and then we make arrangements for meals, bedding, and teachers.

This year's camp coincided with the annual ladies' conference which led to a decrease in the number of kids attending the camp.

Ladies from various Congregations in the country meet once each year at Nairobi Church of Christ, Eastleigh.

THE LADIES' ANNUAL CONFERENCE

Despite the decrease in attendance, we had a wonderful time with the kids.

After the camp ended, the kids from my Congregation asked if I could take them for a walk around Meru town. They confessed they had never left their home village before and it was their first time to see a tarmac road. I was personally not shocked at this because I grew up in the same village and had the same experience myself. I wore my first shoe when I joined High school, only because it was compulsory to have one!

I agreed to take them to Nakumatt shopping Mall after which we would head back home – about 50 miles away.

Hopefully, we will have more children attending the camp next time.

Be blessed you all and thanks for being part of this Ministry.
